## Terms and Conditions of Sale

**SPECIAL NOTICE**—The prices named in this list cancel all previous lists and are subject to change without notice. All sales and contracts are made subject to previous sale and on condition that same shall be void should injury befall our stock from any cause beyond our control.

**TERMS** are cash with order. Orders for C. O. D. shipments should be accompanied by one fourth of the amount of the order. We cannot afford to carry accounts at the price we sell our high-grade stock for.

**REMITTANCES** are made most safely by Post Office or Express Money Orders.

**SHIPPING SEASON** opens about November 1st (for B&B stock a little sooner) and closes about March 15th (a little later for B&B stock) depending on weather conditions. We request customers to give definite shipping instructions regarding manner in which they wish goods shipped. In the absence of special instructions we use our best judgement, but without assuming responsibility. All shipments travel at risk and expense of purchaser. We cannot ship trees by mail.

**PACKING** is free of charge if cash accompanies order, otherwise it will be charged for at actual cost of material and labor used.

**INSPECTION**—A certificate of inspection accompanies each shipment leaving this nursery, certifying that our stock has been inspected by an authorized inspector of the State Dept. of Agriculture and was found to be free of insect pests and plant diseases.

**SUBSTITUTION**—If out of the varieties ordered we will substitute with equal or superior quality UNLESS INSTRUCTED NOT TO DO SO.

**GUARANTEE**—We give no warranty, expressed or implied, as of Life, Description, Quality, Productiveness, or any other matter of any Nursery Stock, Seeds or Plants that we sell. It is mutually agreed that our total liability for any errors, should stock prove untrue to name as labelled, shall be limited, upon satisfactory proof, to our replacing free of charge, and are in no way responsible for more than the original cost.

**CLAIMS** for any cause must be made promptly upon receipt of goods. We will not entertain claims after goods have been once accepted, or when report is not made in writing within five days after arrival of stock.

**REFERENCES**—Anybody desiring references about us may inquire at R. C. Dunn, the Chamber of Commerce or any business firm in Fredericksburg; or the State Department of Agriculture.

**ORDER EARLY**—It is very important to place your order early in order to avoid last minute rushes and annoyances. Please make orders not less than two dollars.

## REMARKS

**LANDSCAPING** — Space does not permit to give a full list of names and varieties of plants, etc., we offer for yard planting, etc. Anybody interested will please write or come personally, and, if possible, send or bring a plan of the place that is to be landscaped.

We make special rates for large orders, and also, as in former years, contract for large plantings,

Example of our landscaping at a local establishment.

provided the distance is not too great.

Our trees and plants are grown under our special care, have a wonderfully developed root system and with reasonable care are sure to live.

We sell and ship various kinds of fruit in season from our orchard to all part of Texas and other points.

Everybody is invited to visit our nursery, orchard; also the winery, located 4½ miles East of Fredericksburg. We aim to please our customers.

## HOW TO PLANT

Trees and plants should always be set out as soon as received. If unable to do so, remove packing material and heel in the ground, covering thoroughly with moist soil.

When planting, make a rather large hole, fill up with good top-soil so as to set the tree the same depth it stood in the nursery. Only mellow top-soil should be used among the roots; it should be packed firmly, having the roots in their natural

position, which must not be damaged or bruised.

Trees must be trimmed and watered at planting. Manure or other fertilizer should not be used while planting, perhaps later. Trees are best protected against depredations by rabbits, etc., when the trunks are whitewashed with a solution of lime and blood in the Spring and Fall. Crushed glass scattered in the ground among the roots protects the trees against gophers.
